Both programs even offer Advance Placement (AP) resources too!

These activities are provided as enrichment opportunities. They are optional and are not intended to be graded. However, our hope is that students will take ownership of their learning and reserve some time each day during the remainder of this week to engage in their own education. Education and learning are two of the most important ingredients of the recipe for success in life.

**“Education is the most powerful weapon which you can use to change the world.”** – *Nelson Mandela*

Education is learning how to think and how to solve problems. It is learning to make good choices. It is learning to act with purpose. It can be hard and frustrating at times, but it can also be incredibly exciting and enriching.

**“When you know better you do better.”** – *Maya Angelou*

Education does not just happen at school. Education and learning happens any time your mind is open to learning.

**“Wisdom is not the product of a school but of the lifelong attempt to acquire it.”** – *Albert Einstein*

These activities will be provided on the school’s website, and paper packets will be available outside of Ridgeland High School for student pick-up if necessary.

Additional online learning resources and activities are available under the district tab on the RHS website.
