March 17, 2020

Parents,

Thank you so much for your support during these very unusual circumstances. We appreciate your patience as we navigate our way through these new challenges. As most of you know, the students will not report to school until March 30th. As an attempt to keep the students caught up with their schoolwork, we have asked teachers to put together some plans for the students to work on while we are out of school.

Week 1

March 16-20

Students will be provided enrichment activities via our school website. This work is strictly optional, but strongly suggested to keep the students' brains active. There will be links on our Rosa Scott website. They will be named Rosa Scott Enrichment Work. There will be hard copies of the enrichment activities at the front entrance of the school.

Week 2

March 23-27

Teachers will have updated Canvas courses where students can complete work for their classes. For students who do not have access to the internet, we will provide paper copies of your teacher's assignments that you can pick up at the front entrance. The students are expected to complete these assignments and will receive grades for the 4th 9 weeks. Please encourage your child to complete ALL work for next week so that they will not have a lot of make up work to complete when they return to school.

No students or parents will be permitted to come in to the school under ANY circumstances.

Thanks again for your patience! Stay safe and healthy!

A handwritten signature in black ink that reads "Brent Cofield".

Brent Cofield
Rosa Scott Principal

VISION STATEMENT

"Rosa Scott strives to facilitate an innovative educational environment that engages, inspires, and challenges all stakeholders to impact the community in a positive way."
